

FREIGHT FORWARDER

Whether it is to import products to Canada, the United States or internationally, GROUP TRANSIT is your logistics ally of choice. With a network of more than 500 partners spread over all continents and a team that stands out through its follow-ups with customers.

We ensure the smooth movement of your cargo, in dry or temperature-controlled containers

Well known for our effectiveness in Logistics within North America, Group Transit is now offering a Freight Forwarding Service Internationally. This service will support you in your international expeditions using maritime, air, road and rail modes. From the quote request, to door-to-door delivery.

OUR INTERNATIONAL TEAM WILL HANDLE

<ul style="list-style-type: none"> Managing your quotes requests 	<ul style="list-style-type: none"> Coordinating and tracing loads in transit
<ul style="list-style-type: none"> Will negotiate the best rates by going to 3 or more transporters 	<ul style="list-style-type: none"> All-risk cargo insurance at competitive rates
<ul style="list-style-type: none"> Will manage the different stage of delivery with road and maritime transport 	<ul style="list-style-type: none"> Working with your Custom Agent, making sure we have the paperwork needed to the Cross-Borders
<ul style="list-style-type: none"> Coordinating the collection and deliveries 	<ul style="list-style-type: none"> GPS Tracking (available upon request)

DOOR-TO-DOOR SERVICE

In addition to handling your logistics, GROUPE TRANSIT offers you a range of complementary services that facilitate the speed of your entries into North American soil, including:

- ✓ Review beforehand the HS codes of your products, your certificates of origin, the documentation the documentation used
- ✓ Customs clearance both in the United States and in Canada
- ✓ Receiving of your containers / pallets in one of our forty (40) North American logistics warehouses, including 20 frozen, for storage or "cross-dock"
- ✓ Planning, handling appointments for the delivery to the end customer, both for traditional distribution models (in-line) and in e-commerce (on-line)
